

Better Health. Better Future.

Phlebotomy Supplies and Equipment

Quality and easy-to-use phlebotomy solutions to improve patient care.

Tech-Med[®] Blood Draw Chair

Features and Benefits

Phlebotomists are at the frontline of care, empowering physicians and patients with critical information on disease diagnosis, treatment, and overall health. As a leader in the development and manufacturing of medical products, Dukal provides durable and easy-to-use solutions to create a seamless experience.

Ease-of-use

The cylindrical design and one-control knob of Tech-Med blood draw chairs allow users to easily raise, lower, and rotate the full length arms into infinite positions, ensuring optimal setup and comfort for both phlebotomist and patient.

Durability

The durable solid steel frame, 300–700 lb weight capacity, and adjustable levelers on all four legs provide long-lasting durability, strength, and stability.

Infection control

Plastic and vinyl options provide comfort to patients while providing an easy-to-clean surface capable of keeping up with today's infection control standards, reducing the risk of disease or contamination.

4381-F
