Canine Unit Demonstration

Dukal Barktoberfest Team at Brookhaven Animal Shelter

Greeting Dogs and Owners

DUKAL CORPORATION is proud to have been a part of Barktoberfest held by the Brookhaven Animal Shelter. At the event the DUKAL Team was handing out adoption kits to people who adopted a pet and feeding any dog in attendance treats, to participating and viewing the demonstrations held by the shelter. The event was a major success and we thank everyone who was involved in making a difference with DUKAL!

However the fight isn't over! In our country between three to four million cats and dogs are euthanized by shelters every year simply because they don't have a home called their own! As a manufacturer of Veterinary products DUKAL wants to help find homes for these pets! Please follow the links below if you'd like to learn more about adopting pets and making a difference near you!
