**Activon® Manuka Honey**

At our state-of-the-art manufacturing facility in the UK, the Advancis range of medical grade Manuka Honey products, offer the unique combination of a high quality performance product at a competitive price.

- Effective debridement capabilities for faster wound bed preparation
- Maintains a moist wound healing environment, facilitating faster healing of chronic wounds
- Extensive range of Advancis Manuka honey dressings, allowing the right dressing selection for each wound type
- Honey is non-cytotoxic and is a completely natural substance

Advancis Medical® bring the benefits of 100% Manuka honey into a versatile suite of wound management tools that enable you to choose the right dressing for every phase of wound healing.

---

**Activon® Tulle**

Knitted viscose mesh impregnated with 100% Manuka honey

A knitted viscose mesh primary dressing impregnated with 100% Medical Grade Manuka honey. Activon® Tulle creates a moist healing environment and effectively eliminates wound odor.

- Activon® Tulle is ideally suited to debriding and de-sloughing shallow wounds or where the exudate levels have started to decrease.
- Activon® Tulle is a 2 in 1 sterile dressing: Manuka honey with a primary dressing
- Allows exudate to pass through the dressing on wounds with low to moderate levels of exudate
- Can be cut to size, increasing patient comfort and resulting in better peri-wound skin condition
- Can be placed on the wound either side up, eliminating incorrect dressing application

**Activon® Tube**

100% Medical Grade Manuka honey

Containing 100% Medical Grade Manuka honey with no additives. This wound filler will de-bride and de-slough, eliminate odors and provides a moist wound healing environment.

- Activon® Tube is ideal for debriding necrotic tissue. Activon® Tube can be used as a wound filler for use in cavities, just irrigate with saline solution.
- Contains 100% pure Manuka honey with no additives
- Maintains a moist wound healing environment, facilitating faster healing of chronic wounds
- Can be safely used on diabetic patients
- For best results on heavily exuding wounds, use in conjunction with a secondary dressing, in particular the Eclypse® super absorbent

**Item # | Description | Packaging | HCPCS**
--- | --- | --- | ---
CR3830 | Activon® Tube, 0.9 oz. | 12/bx | A9270
CR4135 | Activon® Tulle, 2" x 2" | 5/bx | A9270
CR4136 | Activon® Tulle, 4" x 4" | 5/bx | A9270

---

Activon® is a natural alternative to the more common wound therapies such as silver, with none of the perceived challenges that silver products face today, such as their cost-effectiveness, lack of efficacy and concerns around their safety and resistance.

---

Your patient outcomes can be improved when our Activon® Manuka Honey dressings are used in conjunction with our Eclypse® range of super-absorbers.
